Education

- 2017–2020 Carnegie Mellon University, Pittsburgh, PA, USA.
Postdoctoral Research Fellow
 Research: Collaboration and coordination in time-bounded events (hackathons, datathons, etc.) for science, innovation, learning, and community building, and collaborative writing on GitHub.com. Empirical, case study research approach is used to address complex socio-technical questions through ethnography—interviews and observations, archival analysis—quantitative collection and analysis of logs and trace data with Python, SQL, and R, and a combination of all of these methods (mixed-methods) as relevant.
 Advisor: James D. Herbsleb, Professor, School of Computer Science and Head, Software and Societal Systems Department (formerly Institute for Software Research), Carnegie Mellon University, USA.
- 2010–2016 Nanyang Technological University (NTU), Singapore.
Ph.D. in Information Science
 Dissertation: Investigating user-centered human computation games: The role of perceived enjoyment and its antecedents
 Advisor: Dion Hoe-Lian Goh, Professor and Associate Chair (Graduate and Continuing Education), Wee Kim Wee School of Communication and Information, NTU, Singapore.
 Advisor: Chei Sian Lee, Associate Professor and Associate Chair (Faculty), Wee Kim Wee School of Communication and Information, NTU, Singapore.
